FOURTH STEP INVENTORY: FEARS

FEAR: We listed our fears. Even though we had no resentments attached to them.	**CAUSE:** We asked ourselves why we had them. This is the justification for why we have them.	**AFFECTS:** What part of self-reliance had failed us? Did we not set the ball rolling?								**WHAT PERHAPS IS A BETTER WAY?** Just to the extent that we do as we think God would have us, and humbly rely on Him, does He enable us to match calamity with serenity. We direct our attention to what He would have us be.
